### WE HAVE A MYSTERY! CAN YOU SOLVE IT FOR US?

We received a cash payment for water/garbage with no name or identifying marks on it. We aren't sure what day it came in but would like to find the owner so we can apply it to their water bill.

If you did not get credit for your water bill last month, or this month, please let us know so we can get it applied to your account. You will need to tell me how much is in the envelope!

### GET YOUR MOWERS RUNNING!

With all the recent rains, grass and weeds are growing at a rapid rate, requiring frequent mowing. Please watch out for the water meter transmitters! You will be charged \$75 if the transmitter is damaged through mowing or driving over it.

### WATER NEWS!!

The village will soon have a system in place so you can make payments by card-swiping (debit/credit cards); keying in; ACH bank transfers and check transfers (on-line checks). There will be a charge to use this service and we'll get information out to you as soon as it is available. There will be a charge for this service.

**The Village Board would like to express their thanks to Thomas and Kari Brown for their hard work in removing the large tree that fell on W. First Street during the June 18<sup>th</sup> storm.**

**That's the way a neighborhood should work! Look around and see if you have a neighbor who is disabled or elderly, who is unable to physically do the work of caring for their property, or a single Mom or Dad who works multiple jobs to take care of their family and doesn't have the time (or energy) to do the work, and help them out!**

**If we all help out our neighbors it will be a much friendlier village. If you need help, or would like to volunteer, please let the office know and we'll see what we can do! 309-697-0137!**

**Check the Village website frequently, as announcements are made regularly:**
